Education

Panimalar Engineering College
B.E. in Computer Science and Engineering

8.55 CGPA
Aug 2023 – May 2027

Maharishi International Residential School, Kanchipuram
CBSE – Higher Secondary

72.2%
May 2022

Maharishi International Residential School, Kanchipuram
CBSE – Secondary Education

67%
May 2020

Technical Skills

Programming: Java, JavaScript, Python
Web: HTML, MySQL
Tools: Figma
Other: Editing, Content Creation

Internships & Programs

Full Stack Development Intern – Informatronics Developed responsive web applications using HTML, JavaScript, and back-end technologies. Worked on MySQL database integration, handled validations, debugging, and deployment processes while gaining exposure to the complete Software Development Life Cycle (SDLC).

UI/UX Designing Intern – The Pearl Tech Solution Applied user-centered design principles including research, wireframing, and prototyping using Figma. Designed visually consistent and intuitive interfaces to enhance usability and engagement.

Machine Learning Intern – DLK Career Development Worked on structured dataset preprocessing, implemented supervised learning algorithms, and evaluated model performance using validation techniques and optimization methods.

International Immersion Program – TechFusion 2026, UCSI University, Malaysia Completed a 1-week international program focused on AI-driven innovations and ethical cybersecurity frameworks. Gained insights into responsible AI development, cyber risk management strategies, and secure digital transformation practices.

Project

Agro-Advisory Chatbot – AI-Based Sustainable Agriculture Solution Developed a multilingual AI-powered chatbot providing real-time agricultural advisory services. Integrated weather APIs, market price data, and government scheme updates to deliver personalized crop guidance. Implemented NLP-based local language support and voice assistance to improve accessibility and farmer decision-making.

Academic Achievements

- Spell Bee competition – National Level.
- Certificate of Excellent Performance – Ideathon 2023.
- Best Designer Award for Mobile Application Development.

Certifications

- British Council Aptis ESOL – International Level.
- Python Programming – NICT.
- Oracle Cloud Infrastructure 2024 Generative AI Professional (77.5%).
- Full Stack Development – Greens Technologies (Ongoing).

Workshops

- 2-day Embedded Systems Workshop – SKILLX.
- AWS Meetup – Amazon (Cloud Computing Insights).
